Dear Mrs May,

### **MAPPA Machine-Gun Conspiracy**

- 1. My imprisonment is from your Chief Constable 'framing me up' to be 'lawfully' shot
- 2. She had concocted I had been in 'possession' of a prohibited reactivated machine-gun
- 3. To do this she did a deal with the arms dealer then on the run from the US Authorities
- 4. The 'purchaser' was also promised immunity to prosecution if he also gave evidence.
- 5. On 22<sup>nd</sup> June09 police helicopter & 20 odd police, many armed, surrounded our home
- 6. It was to have me killed and if it failed to snatch our 10 year old daughter, Genevieve
- 7. Weeks before Ms Wilding had me MAPPA level 3 cat 3 registered for 'elimination'.
- 8. She blackmailed her chief forensic psychiatrist, Dr Tegwyn Mel Williams, as plan B.
- 9. In Dec 09 she applied I be further sectioned but to Ashworth high security psychiatric hospital, indefinitely, for 'significant irreversible brain damage' by a possible cancer.
- 10. The machine-gun case could not be stopped as no UK psychiatrist would support him so she painted the 'gun' a different colour to fool jury and in it had a police 'plant'.
- 11. She also dreamed up 'foxy', a transvestite, purported to have contacted us to buy it.
- 12. After acquittal, without need of a defence, she refused any complaints be investigated as Dr Williams was set up as her 'harassment target' after GMC was 'warned off'.
- 13. Interesting, as FTAC and CPS had 'thrown out' South Wales Police's stupid allegations as experts had already supplied Dr Williams with my clear brain scans.
- 14. Interesting, as my 2009 damages claims, against her, were due to be heard following her having lost 1<sup>st</sup> 36 of now 50 failed malicious criminal prosecutions against me.
- 15. I also filed a civil claim against the police doctor for 'perverting the course of justice' and for conspiring with the Chief Constable for need of the machine-gun total fiasco.
- 16. I now find my 1993 claim with the 36 returned from RCJ to Wales to also be quashed
- 17. Surprising is it, then, my 'gun' damages claim is now delayed until next year, by 9th time denied access to Cardiff courts, so delaying a scandal by 10 years, for me to die.
- 18. Dr Williams was promised prosecution immunity so why wasn't anyone else told of this blackmailed induced cancer/PDD conclusion or at least, offer me palliative care?
- 19. Gaoled to avoid 300 witnesses for incidents such as 'smuggling Irish pigs by aircraft', prison as 'unidentifiable', 'low level' helicopter chase, found on HRH's farm with 'garrotte' type instrument & many daft 'motoring' of her 89% conviction failure rate.
- 20. I was 'harassment' charged so Dr cannot 'correct' his 19<sup>th</sup> Oct 09 para35 medical report as Cardiff court evidence & transcripts had been destroyed in the 'cover-up'.
- 21. No 'restraining order' was ever served irrespective of my defence in law, now proved
- 22. Successive MAPPA controlled prisons block my hospital & court appointments, even when I was on parole, as these local police know of my diagnosed medical condition explaining why, on 18<sup>th</sup> Dec 17, Judge Tracy Lloyd Clarke had no 'authority' to act.

It stinks, doesn't it?

# MAPPA Controlled Prisons Contrary to Regulations

After another week-end with guts-ache and denied my routine quite innocuous Omeprazole tablets, as the ankle was so bad to get to pharmacy, someone, again, is refusing I pick up my months supply, as last time and with other prisoners, at wing medicine hatch open every day.

My last year's blocked hospital internal examination is still denied or my seeing my own GP privately. Blocked, I now understand, as G4S wants to make more money out of transaction.

'Security' has now reduced my £15.50p weekly 'canteen' spends to 0.64p to last for telephone calls for the next 7 days! The 'Cashier' (MAPPA) had eventually, after months of futile banter, allowed my financing for court costs, including photocopying, fees and legal phone calls, not from the £15.50 but from the £50 weekly maximum, now allowed in by my brother as MAPPA had cleared I was not 'money laundering'. More G4S deceit riddled lies.

Is it a co-incidence the prison still refuses my right to telephone the Legal Ombudsman as requested by them? Their investigation, as to why four unrelated law firms had failed to attend my trial or present 'machine-gun' evidence of the plotting to have me shot, is stopped.

A 'lifer' suggested I again try and get the prisoner's 'MAPPA Break-down Pack' setting out, apparently, what my 24/7 surveillance (even as I type) can do and not do. No wonder I am refused a 'legal' library visit, the, exactly as in HMP Swansea, as litigant in person, had done suing for MAPPA 2014 'recall' to prison. MAPPA had, with no criminal conduct alleged, denied me a parole board to sit before 'recall' or even after, contrary to '28 day' rule as no one could agree with Dr Tegwyn Mel Williams, of course, now banished to New Zealand.

So what is 'new under the sun' where the South Wales Police are concerned? In this police controlled private prison, as opposed to the safety of a government run on, no wonder an Englishman in this barbaric environment of inherent deceit has no hope of 'reasonableness'.

Hang on here, MAPPA it was in 2009 whilst in Cardiff prison for 'trading in machine guns', I paid out to lawyers to do just that, obtain a MAPPA 'pack'! Recently, I sent them a further £10,000 to represent me in the 2009 MAPPA inspired 'machine-gun' civil damages claim, following its predicted Crown Court acquittal. Guess what, no lawyer attends and I am again (nine times now) denied access to a Cardiff court room for 'redress', put off now for 10<sup>th</sup> year!

£25.50p weekly private spends increase after 3 months in a UK prison is blocked by denying an appeal system exists, as it will be won-PSI/47/2011 3.2 Flawed cases. Even after months fighting for £7 refund, from G4S selling faulty goods, promised but not done hoping I don't notice. No paper receipts for purchase or medication today, access to G4S regulations are just small increments devised to having me finally eliminated by cancer having failed by MAPPA

Yours sincerely, Maurice J Kirk BVSc

# Appellant/Claimant's Position Statement

- 1. I am gaoled by South Wales Chief Police Constables from failing to having me shot.
- 2. In 2009 Barbara Wilding had me MAPPA level 3 category 3 regstd. for 'elimination'.
- 3. She conspired I was in 'possession' of a prohibited reactivated WW1 machine-gun.
- 4. To do this she did a deal with an arms-dealer, then on the run from the US Authorities
- 5. The 'purchaser' was also promised immunity to prosecution if he also gave evidence.
- 6. On 22<sup>nd</sup> June09 police helicopter & 20 odd police, many armed, surrounded our home in order to have me killed and if fail, to snatch our 10 year old daughter, Genevieve.
- 7. She blackmailed a NHS psychiatrist to falsify my medical if her 'gun plot' should fail so, in Dec09, she applied I be now sectioned onto Ashworth high security psychiatric hospital, indefinitely, due to significant brain damage, possible cancer, having ditched in the Caribbean or having been a 'long term' drinking partner of actor, Oliver Reed!
- 8. The machine-gun case could not be stopped as no UK psychiatrist would support her so she painted the 'gun' a different colour to fool an already 'police planted jury'.
- 9. She also dreamed up 'Foxy', a transvestite, purported to have contacted us to 'buy' it!
- 10. After acquittal, requiring no defence, she refused any complaints be investigated as Dr Williams was set up as my 'harassment target' after GMC had been 'warned off'.
- 11. He had trusted in Professor Rodger Wood who had lied throughout my incarceration.
- 12. Interesting, as FTAC/CPS had already 'thrown out' South Wales Police's allegations as experts had already supplied Williams & Wood with my clear brain scan reports.
- 13. Interesting, as my damages claim against her was imminent as she refused any idea of 'settlement out of court' despite having lost 40 odd malicious criminal prosecutions.
- 14. So I filed civil claims against the police doctor for 'perverting the course of justice' by conspiring with his Chief Constable that ended in this machine-gun total fiasco.
- 15. I now find my 90's police incident claims returned from RCJ to Wales to be quashed?
- 16. Its no surprise the 'gun' civil claim is now delayed another year, 9 times for access to a court room and now delaying the scandal over10 years, just waiting for me to die.
- 17. Dr Williams was promised prosecution immunity so why didn't anyone else tell me of his blackmail induced cancer/PDD conclusion or at least, offer me palliative care?
- 18. I'm gaoled to block 300 witnesses for motoring incidents, 'smuggling in Irish pigs by aircraft', imprisoned as 'unidentifiable', 'low level' helicopter chase, on HRH's farm with 'garrotte' type instrument, all as samples from her 89% conviction failure rate
- 19. Now G4S blocks this Litigant in Person's prison 'spends' to finance this RCJ appeal.
- 20. I was 'harassment' charged so Dr Williams could not 'correct' my 19<sup>th</sup> Oct 09 p10&11 medical report as both court & Caswell Clinic evidence had been destroyed.
- 21. No 1<sup>st</sup> 'restraining order' was served, irrespective of my 'defence in law', both proved
- 22. 2<sup>nd</sup> R/O trial collapsed as Dr Tegwyn Williams' arson allegation proved a pack of lies
- 23. 3<sup>rd</sup> R/O trial jury did not know police had driven me to 'drink' to have telephoned 101
- 24. 4<sup>th</sup> R/O trial proved police blocked my hospital & court appointments for prison recall without even need of evidence, a parole board or even a 28 day 'review' hearing.
- 25. 5<sup>th</sup> R/O jury may also request, as 1<sup>st</sup> was denied, my 'gate arrest' and custody records.
- 26. MAPPA denying hospital biopsy has the potential of the policewoman's bullet again.

Cardiff Crown now openly admits it never had 'authority' to intervene in a simple correction of a 'patient's medical report so, without Code Napoleon influence post BREXIT, our English judiciary will very soon be mimicking the accepted version of justice, here in South Wales.

### G4S Obstruction to Medical Care Variation of Restraining Order

Dear Sir/Madam,

Further to Cardiff magistrates and your court ignoring my previous unanswered written applications, on the matter of my 'temporary release' on medical grounds and 'Dr Tegwyn Williams' restraining orders to be 'varied', with new evidence, is there any chance my applications for 'variation' are, at least, acknowledged? Why not?

Your Cardiff courts have granted Dr Tegwyn Williams immunity again to criminal prosecution despite the 'breach' of his own High Court 'Restraining Order' and now secretly reported to HM Crown Prosecution Service(Wales) NHS(Wales) solicitors, for lying about my 'arson attack' on his home. Your concocted 2012 2<sup>nd</sup> R/O 'breach' jury trial collapsed without even an apology for my months in gaol, denied disclosure.

With no Cardiff court with 'authority' even to 'intervene', as HHJ Lloyd Clarke put it on 14<sup>th</sup> December 2017 or report these matters to the General Medical Council, then someone is a liar. To whom do I complain of your and Crown Court's conduct?

G4S at HMP Park, Bridgend, continues to obstruct supplying me with daily prescribed medication despite promises after my usual hunger-strikes for rectification.

My sister's letters and brother's telephone calls and visit to Bridgend, to complain to No 1 HM Governor of Park prison, are ignored as was my 16<sup>th</sup> April doctor's consultation for a simple hospital call. G4S refuse to rebook my police blocked Dec 17 endoscopy, for biopsy, as your Cardiff cabal know the potential if further delayed.

CPS had 1<sup>st</sup> R/O 'varied' without my right of rebuttal or copy of court's records relied on so while you continue to ignore my court applications for that **disclosure** is it for my 5<sup>th</sup> jury to obtain or do my family have to now fly to New Zealand and 'harass' Dr Tegwyn Williams & Dr Janis Hilliar to 'correct' my medical report? It may provoke a 6<sup>th</sup> jury trial. HHJ Curran told my 4<sup>th</sup> May 2012 jury evidence of any R/O 'served' or 'known about' is deemed not eligible as 'evidence' nor 'relevant', see transcript!!!!

Yours faithfully,

### Last Friday

No 'canteen' money for phone, Fri a bad government dept. day - minimal work done!

- 1. My Min of Justice laptop memory stick needed printing for court progression
- 2. It was agreed with wing officers, bar one, it would go over to MAPPA security
- 3. This rarely happens, of course, over past months as again no wing manager
- 4. Adjacent wing staff agreed needing only two doors to be unlocked to achieve
- 5. A futile promise, yesterday, as scenario played out so often before by so many
- 6. To 'security' 'by mid day', 'by lunch' then 'by 3pm' usual meaningless banter
- 7. My memory stick use was but 'fleeting' so 'designed' left, instead, for days on shelves or passed around like 'pass the parcel' until the music finally stops!
- 8. 4.45pm lock up despite promised 5.15pm. So asked re 'security'? No reply as anticipated, that's 4 days in a row! 'Delivery on Fridays' but it is a Friday, no.
- 9. Promises, Sunday, Monday, Tuesday until printing slips past MAPPA's 'net'
- 10. One acclimatises to prison's 24/7 deceit culture in the hope it will never stick.

### This Friday

No weekly £15.50p 'canteen' cash for telephones, purchase of pen/paper. 'Spice attack' needs 8 officers (+ manager) disrupting wing. Punishment is far too lenient.

- 1. I needed a page photocopying for RCJ appeal and a quick law book ref
- 2. After 4 months blocked I almost passed the South Wales Police tactics
- 3. I gain access to 'education' having yesterday been on 'welsh' lessons
- 4. Blocked, so ICT as yesterday but not on 'security's manifest so, no.
- 5. So try 'Art', next door, to practice French with teacher but still blocked
- 6. Still at library door attempting just a page of prepaid photocopying- no
- 7. Back on wing try print off memory stick back by late next week again?
- 8. Will do it at 2pm--- 'but that is too late they said that last Friday-no
- 9. 'Must ring first' they say No, 'just deliver it', no-so no prints today!
- 10. Despite peer meeting, another week-end and no printing for the post
- 11. So, laptop again u/s for next 4 days, as last w/e and many before that.

Saturday "no time" for managers, Twose or Morris to direct stick 2 doors to 'print'

**Sunday** Church unlock allows me to B1 as M blocked last w/e to deliver. All B4 staff refuse take stick & said "Mel not on today". B1 tells M on B2 opposite B4-just 8 yds! M confirms refused last w/e. "Will take stick today", she said but stopped by B4 staff.

**Next Friday**I may get memory stick back by then to type but druggies fusing electrics Will I get ICT again or a Welsh lesson to access library? I very much doubt it.At least I leant a French word for 'devious' as the habit here is 'contagious' and yet no one knew a Welsh word for 'devious', 'lying' or 'cheating', now I wonder why?

3 months and still G4S deliberately refuse 'punishment' appeals & agreed 'faulty goods' process [Weeks of £15.50p maximum weekly draw blocked from private cash] RCJ printing from wrong a/c means well over £100 refund due but MAPPA say, No. **Deliberate to stop cash for calls out for help from McKenzie Friends and family.**

### **MAPPA Machine-Gun Conspiracy**

Madeleine Moon MP's letters

- 1. South Wales Police conduct causes me to complain after my previous request when SWP prevented my passport 'renewal' to prevent litigation papers retrieved from France. I had been arrested for 'entering Cardiff prison without permission' because a turn key had been instructed to confiscate my passport.
- 2. My imprisonment is from your Chief Constable 'framing me up' to be 'lawfully' shot
- 1. She had concocted I had been in 'possession' of a prohibited reactivated machine-gun
- 2. To do this she did a deal with the arms dealer then on the run from the US Authorities
- 3. The 'purchaser' was also promised immunity to prosecution if he also gave evidence.
- 4. On 22<sup>nd</sup> June09 police helicopter & 20 odd police, many armed, surrounded our home
- 5. It was to have me killed and if it failed to snatch our 10 year old daughter, Genevieve
- 6. Weeks before Ms Wilding had me MAPPA level 3 cat 3 registered for 'elimination'.
- 7. She blackmailed her chief forensic psychiatrist, Dr Tegwyn Mel Williams, as plan B.
- 8. In Dec 09 she applied I be further sectioned but to Ashworth high security psychiatric hospital, indefinitely, for 'significant irreversible brain damage' by a possible cancer.
- 9. The machine-gun case could not be stopped as no UK psychiatrist would support him so she painted the 'gun' a different colour to fool jury and in it had a police 'plant'.
- 10. She also dreamed up 'foxy', a transvestite, purported to have contacted us to buy it.
- 11. After acquittal, without need of a defence, she refused any complaints be investigated as Dr Williams was set up as her 'harassment target' after GMC was 'warned off'.
- 12. Interesting, as FTAC and CPS had 'thrown out' South Wales Police's stupid allegations as experts had already supplied Dr Williams with my clear brain scans.
- 13. Interesting, as my 2009 damages claims, against her, were due to be heard following her having lost 1<sup>st</sup> 36 of now 50 failed malicious criminal prosecutions against me.
- 14. I also filed a civil claim against the police doctor for 'perverting the course of justice' and for conspiring with the Chief Constable for need of the machine-gun total fiasco.
- 15. I now find my 1993 claim with the 36 returned from RCJ to Wales to also be quashed
- 16. Surprising is it, then, my 'gun' damages claim is now delayed until next year, by 9th time denied access to Cardiff courts, so delaying a scandal by 10 years, for me to die.
- 17. Dr Williams was promised prosecution immunity so why wasn't anyone else told of this blackmailed induced cancer/PDD conclusion or at least, offer me palliative care?
- 18. Gaoled to avoid 300 witnesses for incidents such as 'smuggling Irish pigs by aircraft', prison as 'unidentifiable', 'low level' helicopter chase, found on HRH's farm with 'garrotte' type instrument & many daft 'motoring' of her 89% conviction failure rate.
- 19. I was 'harassment' charged so Dr cannot 'correct' his 19<sup>th</sup> Oct 09 para35 medical report as Cardiff court evidence & transcripts had been destroyed in the 'cover-up'.
- 20. No 'restraining order' was ever served irrespective of my defence in law, now proved
- 21. Successive MAPPA controlled prisons block my hospital & court appointments, even when I was on parole, as these local police know of my diagnosed medical condition explaining why, on 18<sup>th</sup> Dec 17, Judge Tracy Lloyd Clarke had no 'authority' to act.

It stinks, doesn't it?
