Dear Mr Kirk

DEFENDANT(S): Maurice John KIRK

URN: 62EA0223516

I am receipt of your letters of 28th February, 31st March, 1st May and 23rd May 2018 and apologise for delay in responding. I must say that proceedings have been concluded in the allegation of breach of the restraining order between 24th and 28th February 2017 by uploading a video onto the internet. I understand that your many points were raised and dealt with by the Judge who sat on the case. The issue of disclosure was dealt with during the currency of that case

In relation to your 28th February 2018 letter it makes a series of statements that I cannot comment on. I can indicate that the CPS have no authority or reason to report Dr Williams to the GMC

In relation to the 31st March letter as above the letter contain matters that I cannot comment on and I am not aware of a bail application I am afraid.

In regards to your 1st May letter I make the same observation as above. Matters are raised that have already been adjudicated upon. I cannot comply with the requests that you make in paragraphs xvi and xvii

The 23rd May is letter is difficult to read but appears to request a CD of MG6D etc prosecution data for your appeal. I can confirm that in my view disclosure was dealt with fully during the case which has been finalised.

Yours faithfully
